Commercial Vacancy Credits

You will still be able to take vacancy credits (available to commercial/ rental properties with two (2) or more units. Single unit buildings that are vacant are not eligible for a vacancy credit and cannot take advantage of this policy.) when a unit is vacant for **an entire** month. Partial months vacancies are charged a full rate even if a unit is only occupied for a short period of time. However, you cannot “pre” notify that a unit will be vacancy for the next several months, etc. The Vacancy Credit policy is on the “Honor System”; however false or misleading statements made to the Borough in order to avoid paying additional charges maybe considered

If you want to take advantage of the vacancy credit policy it is your responsibility to notify the Borough Office each month of how many of units are vacant to receive the credits. No structure will be billed for less than one unit.

For Example: February 2010 service is billed in March 2010 . All vacancy credits must be received for February 20108 before noon March 3, 2010.

All vacancies must be received before noon the third of each month (when billing is done in order to receive any vacancy credits.) Your full occupancy capability listed for your property will be charged if vacancies (credits) are not received before vacancy due date. The Borough does not make “reminder calls” for vacancies not received by the due date. **Additionally, please do not assume that if the 3rd of the month falls on a weekend or holiday that the due date for payment or date to notify for vacancies has been extended. This is a “grace period”. All payments should be paid by the due date listed on the card you are sent.**

To assist with reporting vacancies, they can be left on the Borough’s answering machine any time the office is closed, 24 hours a day (814) 674-3641.
