

PATTON POOL OPENED MAY 31, 1942

In 2011, the Patton pool will begin it's 69th year of providing cool, refreshing memories for many families and friends.

Many hard working dedicated individuals have given their time and monies to create and maintain this valuable asset to the Patton Community.

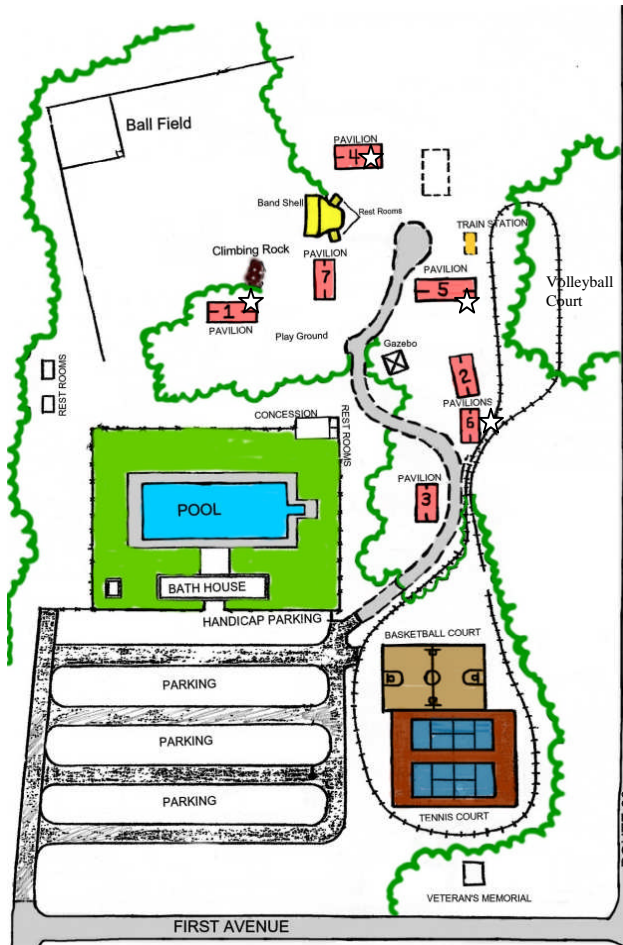

In 2010, the opening of the Patton pool showcased the much needed new floor and deck surface providing a beautiful location for family fun.

The next badly needed update is the age old bathhouse. This wooden structure must be brought up to ADA standards to provide a safe and accessible area to our fantastic pool.

This undertaking will take a large amount of money. We are presently struggling to have many fund raising activities. The support is overwhelming. However the amount we need is GREAT... We must continue to raise the funds to help save the place where summers are made into memories.

If at all possible, please donate to the:
